EDUCATION

Jalpaiguri Government Engineering College

B.Tech in Information Technology Department — DGPA: 7.82

Jalpaiguri, India

2021 – 2025

EXPERIENCE

QuantumHash Corporation

Full Stack Web Developer (Full Time)

Remote

July 2025 – Current

- Built and deployed 5+ full-stack web applications and currently leading a new project.
- Managing full development lifecycle including frontend, backend, deployment, and database operations.
- Implementing RESTful APIs using Node.js and Express.js. Handling MySQL database design, optimization, and maintenance.

Levitation Infotech

Full Stack Web Developer (Intern)

Remote

Nov 2024 – May 2025

- Developed and maintained scalable web applications using the MERN stack, Next.js, and Tailwind CSS.
- Collaborated on 3 enterprise-level projects, contributing over 100 pull requests that were successfully merged into the main repository, enhancing code quality and functionality.
- Enhanced application performance and responsiveness by optimizing API integrations and frontend components.
- Worked closely with cross-functional teams to deliver features that improved user experience and engagement.

Celebal Technologies

React.js Developer (Intern)

Remote

June 2024 – August 2024

- Developed dynamic React.js components for web applications, enhancing user interaction and responsiveness.
- Learned and implemented new technologies, including advanced state management techniques.
- Collaborated with team members to deliver high-quality features within deadlines.

PROJECTS

OfficeMoM | *ReactJs, Tailwind, ExpressJs, NodeJs, Mysql, Nodemailer, ws, Redux* | [Live](#)

Oct 2025 – Jan 2026

- Developed OfficeMoM, an AI-powered MoM automation platform supporting 100+ languages, reducing manual documentation time by 90%.
- Achieved 99% transcription accuracy with automated action-item extraction, enabling faster and more reliable meeting summaries.

CommuteGo | *ReactJs, CSS, Tailwind, ExpressJs, NodeJs, MongoDB* | [Live](#) | [Github](#)

July 2023 – Jan 2024

- Built a travel planning platform allowing users to search routes across buses, trains, metros, and flights.
- Designed and implemented an admin panel for managing transport data and user accounts, increasing data management efficiency.
- Optimized search functionality to deliver results within 2 seconds, improving user experience.

ACHIEVEMENT

- Participated in Hack4Bengal 3.0 hackathon for contributing and implementing on a Web Projects with a team, showcasing our skills and collaborating with industry leader.
- JWOC (JGEC Winter Of Code) is an Open-source event, in this event I contributed to various documentation repositories.
- Got Global Rank- 1322 on Starters 64 and Rank- 745 on Starters 79 Codechef contest.
- Solved 280+ questions on leetcode and 500+ questions on coding ninjas.

TECHNICAL SKILLS

Languages: C, C++, Java, Python, JavaScript

Frameworks: HTML5, CSS, ReactJs, NodeJs, ExpressJs, MongoDB, SQL, Bootstrap, TailwindCSS, NextJS

Developer Tools: Git, GitHub, VS Code, Postman
